PIAA COMPREHENSIVE INITIAL PRE-PARTICIPATION PHYSICAL EVALUATION

INITIAL EVALUATION: Prior to any student participating in Practices, Inter-School Practices, Scrimmages, and/or Contests, at any PIAA member school in any school year, the student is required to (1) complete a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE); and (2) have the appropriate person(s) complete the first six Sections of the CIPPE Form. Upon completion of Sections 1 and 2 by the parent/guardian; Sections 3, 4, and 5 by the student and parent/guardian; and Section 6 by an Authorized Medical Examiner (AME), those Sections must be turned in to the Principal, or the Principal's designee, of the student's school for retention by the school. The CIPPE may not be authorized earlier than June 1st and shall be effective, regardless of when performed during a school year, until the latter of the next May 31st or the conclusion of the spring sports season.

SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR: Following completion of a CIPPE, the same student seeking to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 7 of this form and must turn in that Section to the Principal, or Principal's designee, of his or her school. The Principal, or the Principal's designee, will then determine whether Section 8 need be completed.

Section 3: Understanding of Risk of Concussion and Traumatic Brain Injury

What is a concussion?

A concussion is a brain injury that:

- Is caused by a bump, blow, or jolt to the head or body.
- Can change the way a student's brain normally works.
- Can occur during Practices and/or Contests in any sport.
- Can happen even if a student has not lost consciousness.
- Can be serious even if a student has just been "dinged" or "had their bell rung."

All concussions are serious. A concussion can affect a student's ability to do schoolwork and other activities (such as playing video games, working on a computer, studying, driving, or exercising). Most students with a concussion get better, but it is important to give the concussed student's brain time to heal.

What are the symptoms of a concussion?

Concussions cannot be seen; however, in a potentially concussed student, **one or more** of the symptoms listed below may become apparent and/or that the student "doesn't feel right" soon after, a few days after, or even weeks after the injury.

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light or noise

- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion

What should students do if they believe that they or someone else may have a concussion?

- Students feeling any of the symptoms set forth above should immediately tell their Coach and their parents. Also, if they notice any teammate evidencing such symptoms, they should immediately tell their Coach.
- The student should be evaluated. A licensed physician of medicine or osteopathic medicine (MD or DO), sufficiently familiar with current concussion management, should examine the student, determine whether the student has a concussion, and determine when the student is cleared to return to participate in interscholastic athletics.
- Concussed students should give themselves time to get better. If a student has sustained a concussion, the student's brain needs time to heal. While a concussed student's brain is still healing, that student is much more likely to have another concussion. Repeat concussions can increase the time it takes for an already concussed student to recover and may cause more damage to that student's brain. Such damage can have long term consequences. It is important that a concussed student rest and not return to play until the student receives permission from an MD or DO, sufficiently familiar with current concussion management, that the student is symptom-free.

How can students prevent a concussion? Every sport is different, but there are steps students can take to protect themselves.

• Use the proper sports equipment, including personal protective equipment. For equipment to properly protect a student, it must be:

The right equipment for the sport, position, or activity; Worn correctly and the correct size and fit; and Used every time the student Practices and/or competes.

- Follow the Coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If a student believes they may have a concussion: Don't hide it. Report it. Take time to recover.

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

SECTION 4: UNDERSTANDING OF SUDDEN CARDIAC ARREST SYMPTOMS AND WARNING SIGNS

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?

There are about 300,000 cardiac arrests outside hospitals each year. About 2,000 patients under 25 die of SCA each year.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

- dizziness
- lightheadedness
- shortness of breath
- difficulty breathing
- racing or fluttering heartbeat (palpitations)
- syncope (fainting)

- fatigue (extreme tiredness)
- weakness
- nausea
- vomiting
- chest pains

These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

What are the risks of practicing or playing after experiencing these symptoms?

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who have SCA die from it.

Act 59 - the Sudden Cardiac Arrest Prevention Act (the Act)

The Act is intended to keep student-athletes safe while practicing or playing. The requirements of the Act are:

Information about SCA symptoms and warning signs.

- Every student-athlete and their parent or guardian must read and sign this form. It must be returned to the school before participation in any athletic activity. A new form must be signed and returned each school year.
- Schools may *also* hold informational meetings. The meetings can occur before each athletic season. Meetings may include student-athletes, parents, coaches and school officials. Schools may also want to include doctors, nurses, and athletic trainers.

Removal from play/return to play

- Any student-athlete who has signs or symptoms of SCA must be removed from play. The symptoms can happen before, during, or after activity. Play includes all athletic activity.
- Before returning to play, the athlete must be evaluated. Clearance to return to play must be in writing. The
 evaluation must be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart
 doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or
 certified medical professionals.

I have reviewed and understand the symptoms and warning signs of SCA.

"The Parents' Pledge"

Cooperation among coaches, athletes, parents, guardians, and school personnel is essential if students are to realize the value of athletic participation. Like coaches and athletes, parents must make commitments to the athletic program to assure these values. We ask that you read, sign and return the following "PLEDGE" and as needed, discuss your reactions with your child's coaches or the school Athletic Director as outlined below.

Thank You.

As the parent of an athlete of this school, I promise.....

- To work closely with a school personnel to assume an appropriate academic, as well as athletic experience for my child while he/she is in school.
- To assume that my child will attend all scheduled practices and athletic contests.
- To require my child abide by the athletic department's training rules.
- To acknowledge that the coach has the ultimate authority to determine a strategy and layer selection and that playing time is **NOT GUARENTEED.** Coaches have the responsibility to put the most competitive team in the contest.
- To promote mature behavior from students and parents during athletic contests.
- To work closely with coaches and other school personnel to identify a reasonable and realistic future for my child as a student athlete.

If you have a concern with a coach, you should......

- Call the coach to set up an appointment. If the coach cannot be reached, call South Park High School's Athletic Director, Thomas Kayda at 412-655-3111 and he will be happy to arrange a meeting for you. *Please contact the athletic if have any unresolved concerns.*
- Most importantly and in the spirit of good sportsmanship, please do not attempt to confront a coach or engage in discussion with a coach immediately before or after a contest, practice or on game day. These can be highly emotional times for both the coach and parent. Discussions under times of high emotions do not promote the best outcome in the resolution of issues.

Appropriate Concerns for Parents to Discuss with Coaches:	Issues NOT appropriate to discuss with coaches:
1. Treatment of their child	1. Playing time/ positions/ assignments
2. Ways for their child to improve	2. Team strategy
3. Concerns about their child's behavior	3. Play calling
4. Concern for their child's health and safety	4. Other students and teammates

Dear Parents and Guardians,

As part of a contractual agreement between UPMC Sports Medicine and the South Park School District, UPMC provides certified athletic trainers to aide in the prevention, recognition, evaluation, and treatment of athletic injuries.

To treat your son or daughter, a form must be signed by parents/guardians of the studentathlete. It will be found on page 9 and 10 of this packet. This form gives the athletic trainers and other associated healthcare personnel permission to assist or participate in providing care in the event of an injury or illness. This form also allows the athletic trainers to communicate with medical personnel and the school district's athletic department personnel, including coaches, in order to provide consultation, treatment, and establish a plan of care for the injured or ill patient.

Please note that this form has no relationship to your health insurance plan and in no way should influence your choice of medical care. UPMC, as the employers of certified athletic trainers in the South Park School District, must have this form completed in order to provide to your son or daughter to comply with privacy and standard consent to treat laws.

In addition, copies of the UPMC Notice of Privacy Pracitices documents can be viewed at <u>https://www.upmc.com/patients-visitors/privacy-info/notice-of-privacy-practice</u>

Please sign the attached document. If you revoke this authorization or consent form, please contact the athletic office at 412-655-3111. We look forward to your student-athlete's safe participation in South Park athletics. Thank you for your time.

Sincerely,

UPMC Sports Medicine

As part of a contractual agreement with UPMC Sports Medicine, certified athletic trainers may aide in the prevention, recognition, evaluation, and treatment of athletic injuries. **Please note that the forms below have**

no relationship to your health insurance plan and in no way, influence your choice of medical care. UPMC must have these forms completed to comply with privacy and standard consent to treat laws.

(1) UPMC Authorization for Release of Protected Health Information

- I authorize UPMC to provide information related to the athlete's care to family/school/team physicians, school nurses, coaches, athletic directors, school principals, EMS personnel, and such other persons as is necessary needed for them to provide consultation, treatment, establish a plan of care or determine whether the athlete may resume participation in school or sports activities.
- I authorize UPMC to use the athlete's medical information for UPMC internal departmental reporting purposes.
- I authorize UPMC (including its hospitals, other entities and programs) to use medical or other information maintained on electronic information systems or stored in various forms about the athlete's care, health care operations, or payment for treatment and services.
- I understand that the health record(s) released by UPMC may be re-disclosed by the facility/person that receives the record(s) and therefore (1) UPMC and its staff/employees has no responsibility or liability because of the re-disclosure and (2) such information may no longer be protected by federal or state privacy laws.
- I understand that this Authorization is in effect for a period of one year from the date signed by the athlete.
- I understand that this Authorization is in effect if the athlete is treated for an injury during off-season workouts; however, no time frame specified shall go beyond one year from the date of signature.
- I understand that I have the right to revoke this Authorization form at any time by sending a written request to UPMC at the location where the Authorization was provided.
- I understand that my decision to revoke the Authorization does not apply to any release of my health record(s) that may have taken place prior to the date of my request to revoke the Authorization. I understand that I am entitled to a copy of this completed Authorization form.

(2) UPMC Consent for Treatment and Healthcare Operations

I consent to the provision of care. I understand that this care may include medical treatment, special tests, exams, evaluation, treatment, and rehabilitation of athletic injuries. I acknowledge that no guarantees have been given to me as to the outcome of any examination or treatment and all results of any examination and/or treatment are kept confidential.

I understand and agree that others may assist or participate in providing care. This may include, but may not be limited to team physician, school nurse, and licensed physical therapists. Under the direction of a certified athletic trainer, college/university athletic training students and high school student aides may also provide care.

I acknowledge that no guarantees have been given to me as to the outcome of any examination or treatment.

In the event of ImPACT baseline testing, I understand the ImPACT baseline testing provided by UPMC Sports Medicine is not intended to prevent, diagnose, or treat a concussion and is not to be administered following a possible concussion. If the athlete suffers a concussion, the administration of an ImPACT post-test is generally conducted at the discretion of the concussion specialist at their facility.

(3) UPMC Privacy Practices

I understand that copies of the UPMC Notice of Privacy Practices document are available at the school, can be sent in the mail upon my request or viewed at <u>http://www.upmc.com/patients-visitors/privacy-info/Pages/default.aspx</u>. I give UPMC and its designees permission to use my information as described in the UPMC Notice of Privacy Practices.

By signing below, I am acknowledging the above (1) Authorization for Release of Protected Health Information, (2) Consent for Treatment and Healthcare Operations, and (3) Notice of Privacy Practices.

ONE OPPORTUNITY. LIMITLESS POSSIBILITIES.

If you want to play sports at an NCAA Division I or II school, start by registering for a Certification Account with the NCAA Eligibility Center at **eligibilitycenter.org**. If you want to play Division III sports or you aren't sure where you want to compete, start by creating a Profile Page at **eligibilitycenter.org**.

ACADEMIC REQUIREMENTS

To play sports at a Division I or II school, you must graduate from high school, complete 16 NCAA-approved core courses, earn a minimum GPA and earn an ACT or SAT score that matches your core-course GPA.

CORE COURSES

Only courses that appear on your high school's list of NCAA core courses will count toward the 16 core-course requirement; visit **eligibilitycenter.org/courselist** for a full list of your high school's approved core courses. Complete 16 core courses in the following areas:

DIVISION I

Complete 10 NCAA core courses, including seven in English, math or natural/physical science, before your seventh semester.

GRADE-POINT AVERAGE

The NCAA Eligibility Center calculates your grade-point average based only on the grades you earn in NCAA-approved core courses.

- DI requires a minimum 2.3 GPA.
- DII requires a minimum 2.2 GPA.

SLIDING SCALE

Divisions I and II use sliding scales to match test scores and GPAs to determine eligibility. The sliding scale balances your test score with your GPA. If you have a low test score, you need a higher GPA to be eligible. Find more information about test scores at **ncaa.org/test-scores**.

TEST SCORES

You may take the SAT or ACT an unlimited number of times before you enroll full time in college. Every time you register for the SAT or ACT, use the NCAA Eligibility Center code 9999 to send your scores directly to us from the testing agency. We accept official scores only from the ACT or SAT, and won't use scores shown on your high school transcript. If you take either test more than once, the best subscore from different tests are used to give you the best possible score.

HIGH SCHOOL TIMELINE

- Start planning now! Take the right courses and earn the best grades possible.
- Find your high school's list of NCAA-approved core courses at **eligibilitycenter.org/courselist**.
- Sign up for a free Profile Page at **eligibilitycenter.org** for information on NCAA requirements.

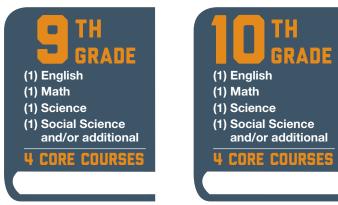

- If you fall behind academically, ask your counselor for help finding approved courses you can take.
- Register for a Profile Page or Certification Account with the NCAA Eligibility Center at **eligibilitycenter.org**.
- Monitor your Eligibility Center account for next steps.
- At the end of the year, ask your counselor at each high school or program you attended to upload your official transcript to your NCAA Eligibility Center account.

- Check with your counselor to make sure you are on track to complete the required number of NCAA-approved courses and graduate on time with your class.
- Take the ACT or SAT and submit your scores to the NCAA Eligibility Center using code 9999.
- Ensure your sports participation information is correct in your Eligibility Center account.
- At the end of the year, ask your counselor at each high school or program you attended to upload your official transcript to your NCAA Eligibility Center account.

How to plan your high school courses to meet the 16 core-course requirement:

- Complete your final NCAAapproved core courses as you prepare for graduation.
- Take the ACT or SAT again, if necessary, and submit

your scores to the NCAA Eligibility Center using code 9999.

- Request your final amateurism certification beginning April

 (fall enrollees) or Oct. 1 (winter/spring enrollees) in your
 NCAA Eligibility Center account at eligibilitycenter.org.
- After you graduate, ask your counselor to upload your final official transcript with proof of graduation to your NCAA Eligibility Center account.
- Reminder: Only students on an NCAA Division I or II school's institutional request list will receive a certification.
